

Next Steps

- Receive and consider public input on the information provided at this meeting.
- Hold public meetings later this Spring to discuss mitigation measures.
- Prepare the Final Environmental Impact Statement (FEIS), which will specify the Preferred Alternative and document mitigation measures.

Please submit comments on the information provided at this meeting, including vent plant sites, by April 30, 2016.

You may share your ideas or concerns with us anytime in the following ways:

Meeting: Complete and submit a comment form at this meeting

E-mail: Send a message to info@bptunnel.com

Mail: Send comments to
B&P Tunnel Project
81 W. Mosher Street
Baltimore, MD 21217

Website: Check out www.bptunnel.com for meeting materials and online comment forms
